In these rules, "Election Officer" means a person or officer authorized or appointed by the election authority to do any act or perform any function in connection with the preparation, publication and conduct of an election under these rules.

2. (c) The electoral roll for each municipality shall be maintained in Form I prepared and shall be divided into parts for each ward. Each ward shall be separately numbered and the electors therein shall be numbered in consecutive. In each ward the streets and the names of electors in a household shall be arranged alphabetically, provided that, where such an arrangement is not convenient, the names of electors alone may be arranged alphabetically for each ward.

(b) No person shall be registered in more than one word. Where a person possesses qualifications in more than one word, he shall ordinarily be registered in the word in which he needs; provided that, if he so desires in writing he may be registered in any other word where he has some combination.

10 The Election Officer shall keep the roll in the most convenient of the town and may also, at his discretion, keep the roll or any particular part thereof in any other language or languages.

3. (a) It shall be the duty of the Election Officer to inquire or cause inquiry to be made and to prepare and cause to be prepared, lists of all persons in each ward appearing to be entitled, to be registered as electors in the roll for the municipality. The lists shall be prepared in the form prescribed for the roll and shall also contain such other particulars as the Election Officer may deem necessary.

2) The preliminary roll shall be prepared from these bids and printed. It shall be published not later than the 26th May in the municipal office and, in such effort public office or place within the municipality as the election authority may determine. If a bid is concerned, a printed copy of the roll in favor of a roll previously in force with printed lists of additions and corrections may be published as the customary roll.

(c) The preliminary roll for the Election Officer shall also include a column in Form 11 specifying the route in which, and the time within which claims and objections are to be preferred, and the date on which and the place at which the reviewing authority will begin to act thereon. The reviewing authority shall state that the preliminary roll will be open to inspection daily between 11 a.m. and 4 p.m. up to the 31st day of the municipal office and is the public office or place designated under article 161 of rule 3 by the election authority. Copies of the notice shall be affixed in the municipal office and in each police station or station and in one conspicuous place in each ward. Copies of the preliminary roll shall also be made available for public use in the municipal office and in the office of the Election Officer.

4. No failure to observe the duties prescribed in these rules or to observe other directions regarding

the purport of the electoral roll shall exist and  
not in question, the validity and construction of  
the roll in election proceedings.

*Stout and Melnick*

3. (c) Any person who claims to be entitled to be registered as an elector and whose name is not entered or is entered in an incorrect place or manner or with incorrect particulars, on the preliminary roll and any person whose name is on the roll and who objects to the inclusion of his own name or of the name of any other person whose name is on the roll may prefer a claim or an objection to the revising authority. Such claims or objections shall be made in Form III or Form IV annexed, as the case may be, to the Election Officer so as to reach him on or before the 14th June.

(4) Claims and objections may be presented in person or sent by post or by messenger.

(4) Claims and objections received after the said date shall be rejected.

(2) The Director Office and the chairman shall supply, free of cost, forms of claims and objections on the conclusion of any term.

6. Before the date fixed for the sitting of the sitting authority the Election Officer shall make all necessary inquiries relating to claims and objections or cause such inquiries to be made and may, of his own motion, remove from the list names of persons whom he knows or has reason to believe to be dead and may also correct purely clerical or accidental mistakes.

7. (a) The Pension Officer shall, not later than the 1st of June,—

(b) public lists of all claims and objections received in time and of counterclaims made by less than his own motion in Form V entered in the municipal office and in each public office or place at the election authority may have determined under rule 3 (9) and

(3) send a copy of every notice of objection to the person to whose registration objection has been taken and give intimation to the person concerned of the corrections made by him of his own motion.

(3) In the list referred to in clause (1) of sub-rule (3) and in the upper part under clause (4) of the same sub-rule the Election Officer shall give notice that the claims, objections and corrections will be taken into consideration by the returning authority at a place and on a date to be specified not later than this date.

*Resolving authority*

8. (a) The presiding authority for each electoral roll in a constituency shall consist of three members, appointed by the electoral commission by such officers as he may determine, of whom two at least shall be non-officials who are not members of the constituency council. The election authority or the officer authorized by him shall appoint one of the three members to be the president. The election authority or the officer authorized by him shall also appoint two non-officials and two or more officials (specifying the order in which they shall be called to act), as members to writing to take the place of any member of the presiding authority including the president who refuses to attend, or becomes incapable of attending a sitting or who is prevented from justifying his presence, or gives evidence in respect of any claim of objection and is thereby rendered unfit to take part in the election of any of such chair or officials.

(9) The receiving authority shall sit in open office on the day fixed and from day to day until all the claims and objections are disposed of. The receiving authority shall, however, have power to adjourn. Its proceedings at any stage to such other date as it may fix, and notice of such adjourned date shall be posted in the Municipal office. Notices of the adjourned date shall also be given to each of the

petition when claims and objections have not been disposed of. The revising authority after making such inquiry as it thinks fit shall pass orders in writing on each claim or objection with reasons if a claim is rejected or an objection contested. The revising authority shall also pass orders on the lists of corrections made by the Election Officer at his own motion. In case of a difference of opinion among the members, the opinion of the majority shall prevail. The orders passed by the revising authority shall be final and shall not be liable to be questioned in any legal proceeding.

8. Any notice which is required to be sent by the Election Officer under these rules to any person shall be sufficiently sent if sent by post to the address of that person as given by him for the purpose or as appearing on the roll or if there is no such address to his last-known place of abode.

9. In the consideration of any claim or objection or other matter by the revising authority any person interested therein may appear and be heard either in person or by an agent duly authorized in writing.

10. The revising authority may in its discretion or at the request of any person interested, require that the evidence tendered by any person shall be on oath and may administer oaths for the purpose.

#### Final Publication

11. (a) The Election Officer shall correct the roll in accordance with the orders of the revising authority and the rolls or parts of the roll so corrected shall be printed as the final roll and copies thereof made available not later than the 30th June. It shall be corrected with the preliminary roll together with lists of additions and corrections may be treated as the final roll.

(b) The final roll shall also be published as provided in rule 14 and shall continue in force from the date of such publication.

(c) Three copies of the roll shall be signed by the Election Officer. Two shall be kept in his office, one in the municipal office and one forwarded to the Collector of the District for record in his office.

(d) Notwithstanding anything contained in these rules, where the limits of a ward are materially changed or where a new ward is created, the preparation, revision and final publication of the electoral roll may take place on or before such date as the election authority may determine in that behalf and such electoral roll when so prepared, revised and finally published shall come into force from the date of such final publication.
